

STREAMLINE[®] Panel Diffuser

with Stainless Steel Piping

The most robust
piping material in the
market—hands down!

PANEL

unmatched
mechanical
strength and
reliability

Why is the STREAMLINE Stainless Steel piping so strong?

- Withstands temperatures up to 250° F / 121° C without failing
- 10x stronger than PVC or CPVC piping / 55x stiffer than PVC or CPVC
- Designed to meet the harshest industrial & municipal conditions
- Resistant to oil & gas, food & beverage, dairy, pulp & paper and most other chemical properties
